

# IFMA Doping Control Form - Instructions

Guidance for IFMA Representatives, Council Members, Referees and Organisers.

## Official IFMA Doping Control Forms

For the official Doping Control Form, no carbon paper is required. To fill in the form use a hard pad or cardboard. If you are using a copied print out of the official form, 5 sheets of carbon copy paper will be needed.

### **Page No. 1**

Must be completed at the Doping Control Station. All details must be filled in correctly and carefully according with the procedure set out in the current IFMA Anti-Doping Communications.

- Time of arrival at Doping Control Station
- Any medications used in the last three days, including dosage and when taken
- Indicate if TUE submitted and date
- Total urine volume, specific of gravity, PH
- Bottle code A and B
- Sex of competitor M/F
- Date of Sample
- Any Partial sample No. and volume

If all sampling procedures are in accordance with IFMA Regulations then ensure that all four signatures in the last section are complete.

The different copies of the form must be used as follows:

**Page No. 1** Must be sent to the IFMA General Secretary in a sealed envelope and, when possible, by Registered mail.

**Page No. 2** Must be kept by the IFMA Representative or the Medical Advisor or the Referee until the laboratory results are known by the IFMA General Secretary.

**Page No. 3** Laboratory copy. Must be placed in a sealed bag along with the sealed bottles and sent to the laboratory.

**Page No. 4** Must be given to the boxer.

The laboratory must be informed that according to the IFMA Anti-Doping Rules:

“The Sample analysis shall be completed as soon as possible after its arrival at the appropriate WADA accredited laboratory. Until such time that WADA has the Clearing House in place all results from all analyses will be sent without delay **ONLY** to the IFMA General Secretary and only in the case of a positive test to WADA. Once the WADA Clearing House has been activated all results from all analysis will be sent without delay to both the IFMA General Secretary and WADA. The results must be sent in encoded form, in a report signed by an authorised representative of the laboratory. All communication must be conducted in such a way that the results of the analyses are confidential.”

The contact information for the IFMA General Secretary is;
